Education

- **Kazakh-British Technical University**
  Bachelor's degree in Computer Science, GPA 3.3 / 4.0
  2013 September – 2017 June
  Almaty, Kazakhstan

Coursework includes

- Programming technologies, Object-oriented programming, Data structures,
  Advanced Algorithms, Discrete Mathematics and Logic, Web programming, Databases, Android development

Academic projects

- **Intranet:** Developed inside application/website for teachers, students and university staff: course open/close/edit procedure, schedule handling, marks management, education process view with all data stored in databases. Implemented in Java.
- **Color clicker:** Game for android devices, where player has to remember colors those were shown on buttons and repeat sequence.
- **ENT Memo:** Application for android/iOS devices which helps to prepare for United National Test (exam for university admission in Kazakhstan).

Skills

- Experienced with **C++** (used for **competitive programming**), **Java** (**Java SE**, also used for **Android** development), **Objective C (iOS),**
- Excellent at **Advanced Algorithms & Data Structures, Math and Logic**

Awards

- **ACM ICPC NEERC regionals,** 2014 – Bronze, 2016 - Bronze
- **ACM ICPC NEERC semifinal** 2016 - participant
- **IT Universe,** 2014 – International Final participant

Competitive programming profiles

- **Codeforces.com -** Erumaru (max rating 1905 **Candidate Master** 2006 / 52140 place)
- **HackerRank.com -** Erumaru (max rating 1887 **O(logN)** 5604 / 75918 place)

Other Experience

- Participation in **ACM ICPC trainings** in Kazakhstan and Russia(Petrozavodsk), also in many competitive programming cups in Kazakhstan and online like **Russian Code Cup, VK Cup, Facebook Hacker Cup**, etc.
- Teacher of senior group of **ACM ICPC trainings** for pupils.
